Description

This beautiful apartment, built in 2025 at Piekstraat 213 in 3071 EL Rotterdam. With a generous surface area of 99m², you can enjoy plenty of space and comfort in a fresh and contemporary design. Located directly on the waterfront and close to the A16 motorway, this property offers a unique combination of tranquility and city life. The Piekstraat area is known for its lively atmosphere, cinema, Feyenoord, shopping mall, and supermarket, including a quick and easy connection to the center of Rotterdam. Ideal for those who want to combine the dynamics of the city with the tranquility of living near the water. Feyenoord City will soon be built within walking distance of Piekstraat. New residential towers, shops, restaurants, schools, healthcare facilities, and a cinema will give a spectacular boost to the Piekstraat area. There are plans for lots of green public space and a walking promenade along the water. There are also plans to tackle the existing connecting roads and public transport connections. New river connections between Kralingen and Feijenoord (both car and metro) are even being investigated.
